

# LUKAS

Because you never get a second chance

# THE NEW TOP SPREADER.

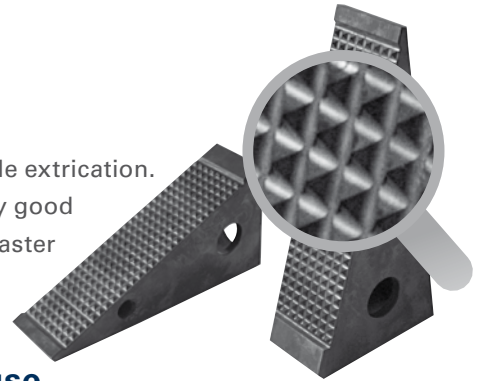

Balanced and optimised for vehicle extrication: the SP 300.

## ▶ THOUGHT THROUGH ALL THE WAY TO THE TIPS.

Thanks to its perfect mix of strength, blade opening and low weight, the new SP 300 is perfectly suited to vehicle extrication. Many improved details distinguish the SP 300 from conventional spreaders. For example, its narrow spreader arms and more compact dimensions result in optimum handling.

### WITH *DIAMOND TIPS!*

Our newly developed diamond tips are especially designed for vehicle extrication. Their extra-flat tips and special surface finish give them an extremely good grip. They will enable you to penetrate even the narrowest gaps for faster and safer rescues.

## ▶ Advantages

- + Perfectly designed for vehicle extrication
- + Compact size and thought through handling for time-critical rescues
- + Extremely flat tips to penetrate the narrowest gaps
- + Special „diamond“ surface finish for excellent grip
- + Fast tip change without tools

#### Accessories:

KSV 11 chain set length 2 x 2 m

## ▶ In use

## TOP VALUES IN DETAIL.

### ▶ Technical data SP 300

Spreading force	7,644-25,200 lbs / 34-112 kN
Spreading distance	23.8 in. / 605 mm
Pulling force up to	5,171 lbs / 23 kN
Pulling distance	19.5 in. / 495 mm
Oil requirement	8.4 cu.in. / 137 cm <sup>3</sup>
Dimensions : l x w x h	29.5 x 14.0 x 10.0 in. / 750 x 355 x 255 mm
Weight	37.7 lbs / 17,1 kg
